Overpayment of Bonuses for Pauper Children.

AUDIT OFFICE, OTTAWA, Dec. 20, 1905.

SIR,—Under Immigration cheque No. 4082 of 1904-05, there is a payment to Father Berry's Homes, of Liverpool, for a bonus of $2 each on 144 pauper children.

On examination I find that 110 of these were previously paid for by Immigration cheques No. 4090 of 1904-05, issued at Ottawa and No. 796 of 1903-04, issued in London. Of the remaining 34 there are the names of 20 who do not appear to have ever landed in this country. You will please have a refund made of the amount overpaid on this voucher.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

Immigration Building at Matapedia.

AUDIT OFFICE, OTTAWA, Nov. 6, 1905.

SIR,—Immigration cheque No. 1339 is for payment of $1,500 to S. A. Matte, in full of contract for the construction of an immigration hall at Matapedia.

I have no copy of the contract in question neither is there any properly certified voucher to show that the work was satisfactorily carried out and completed. I should like to have both of these at your earliest convenience. So far as I can see, there is no immigration official located at Matapedia. Would you kindly let me know if it is the intention to have an Immigration Agency opened at this point?

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, November 10, 1905.

SIR,—I have had referred to me your letter of the 6th instant, regarding the payment of $1,500.00 to S. A. Matte for the construction of an immigration hall at Matapedia. This payment was made in accordance with an arrangement entered into between the Department of the Interior and the Colonization Society at Montreal, the arrangements being that the society would undertake the erection and maintenance of an immigration building at Matapedia and that the department would make a grant of $1,500.00 towards the cost of the building. We did not make any direct contract with the builder, but before issuing the cheque we obtained the certificate which I now enclose, signed by the President and Secretary of the Colonization Society. An Immigration Agency is being maintained at Matapedia by the Colonization Society in accordance with the arrangements above referred to.

Your obedient servant,

The Auditor General. W. D. SCOTT, *Supt. of Immigration.*

All Lithographing, Printing, etc., must be Ordered through the King's Printer.

AUDIT OFFICE, OTTAWA, January 5, 1906.

SIR,—I beg to ask your attention to the following payments made by you during the fiscal year 1904-05 from the vote for photographing and printing maps, &c.:—

Central Electric and School Supply Company, Toronto, mounting maps	$3,210 47
Mortimer Company, Ltd., Ottawa, photo-lithographing and printing maps	3,320 00
Rand, McNally & Company, Chicago, balance of account for mounting maps	249 61
Steinberger Hendry Company, Toronto, mounting maps	627 25
Toronto Lithographing Company, lithographing and printing maps	707 40

All this work is of a class that in accordance with section 3 of the Public Printing and Stationery Act, should be done through the Department of Public Printing and Stationery, and I should like to have your reasons for not complying with the Act in these cases. I can understand that at times it may be advantageous to have work of this kind done without ordering it through the King's Printer, but until such time as the Act may be amended, I shall be unable in future to accept vouchers for payments which are contrary to the existing law.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 17, 1906.

SIR,—I beg to acknowledge receipt of the letter of the Superintendent of Immigration, of December 6th last, with reference to the payments to the Rolla L. Crain Company, Limited, for printing for the Immigration Branch of your department. If, as is stated in that letter, the cash discount is not to apply to the accounts for printing done for the Immigration Branch, I think it would be advisable for the Rolla L. Crain Company in future to use bill heads which do not mention the cash discount. In this connection, I would ask under what authority the Immigration Branch has been making contracts for printing, etc., without the intervention of the Department of Printing and Stationery? The remarks in my letter of the 5th inst. with regard to printing done for the Geographers' Branch, will apply to the Immigration Branch also, viz., that in future I shall be unable to accept vouchers for payment which are contrary to the existing law.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, February 1, 1906.

DEAR SIR,—Referring to your letters of the 5th and 17th ultimo, regarding printing, &c., some years ago it was found necessary for a number of reasons, on account of the maps, lithographing, &c., required, and the necessity to have the special advertising matter speedily printed to arrange for the printing direct from the Immigration Branch of this department. This policy has been found to work satisfactorily and we have now considerable work in progress, and plates for work about to be ordered have been prepared in several cases. I am asking the Law Clerk to prepare the necessary

Memorandum to Council to have the present system continued, but it may be necessary to have an amendment to the Act, and this cannot be obtained until next Session. In the meantime I would suggest that the present system be continued until such Order in Council or legislation is obtained, as otherwise it will cause great delay and loss in the Immigration work now under way for next season.

Yours very truly,

The Auditor General. W. W. CORY, *D.M.I.*

Employment of Mr. Wm. Trant at Regina,

AUDIT OFFICE, OTTAWA, August 4, 1905.

SIR,—In the examination of the accounts for the expenditure at Regina on account of the expenses of the Lieutenant Governor's Office, I find that Mr. Wm. Trant was paid throughout the year at the rate of $2 a week day for secretarial assistance. From the bill heads on which Mr. Trant's accounts are made out, I would infer that Mr. Trant is a practicing barrister and notary-public in Regina, with an office in the Smith & Fergusson block on South Railway street. If this inference is a correct one I cannot see how Mr. Trant can be acting in a clerical capacity in the office of the Lieutenant Governor and practising as a barrister at the same time. Will you kindly let me know if the above inference is correct?

I am, sir, your obedient servant,

The Deputy Minister, Interior Department. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, September 29, 1905.

SIR,—With reference to your letter of August 4, relating to payments made at Regina to Mr. Wm. Trant, who appeared to be a practising barrister and notary public at that place, and, at the same time, acting in a clerical capacity in the office of the Lieutenant Governor, I am directed to inform you that the matter was at the time referred to Regina for a explanation. The private secretary to His Honour the Lieutenant Governor now submits a report, a copy of which is enclosed, and it is hoped that his explanation will prove to be satisfactory.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Copy.

GOVERNMENT HOUSE, REGINA, 21st August, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th instant, covering copy of communication, from the Auditor General, relative to the services of Mr. Wm. Trant.

In reply, I am directed by His Honour the Lieutenant Governor to say—that the services of Mr. Trant have always been of a temporary nature,—liable to be performed as often at night as during day time. At first, they were paid for the days on which work was done, only; but this proving unsatisfactory, and the calls becoming more frequent, it was agreed that Mr. Trant would be paid at the rate of $2.00 per day, and that, in return, he would hold himself in readiness to answer all calls of His Honour, whether at night or during the day. His qualifying as a barrister, last Fall, has not,

so far, interfered with the carrying out of this agreement, although Mr. Trant's services have become even more valuable, on that account.

I am, sir, your obedient servant,

A. W. J. BOURGET,

The Secretary of the Interior Department *Private Secretary.*

Living Allowances to Officials in Yukon Territory.

AUDIT OFFICE, OTTAWA, July 10, 1905.

SIR,—I have to ask for an explanation of the differences in the living allowances paid your officials at Dawson and also of the changes made in those allowances during the fiscal year 1904-05.

The officials employed from July 1, 1904, may be divided into three classes:—

1st. Those receiving a living allowance of $125 a month which has been paid throughout the year except in the cases of one or two officials referred to below.

2nd. Those receiving a living allowance of $83.33 a month from July 1, 1904, which was increased to $100 from Jany. 1, 1905.

3rd. Those receiving no stated living allowance but who appear, in lieu thereof, to receive a somewhat higher salary than the officials in receipt of a stated allowance.

I should like to be informed what circumstances determined in which class any particular employee was put. I should also like an explanation of the following changes made during the year:—

1st. Gerald Petre was employed at $150 a month, which included salary and allowance. From Jan. 1st he was paid a straight salary of $83.33 and a living allowance of $100 a month.

2nd. H. S. Congdon drew a living allowance of $125 a month up to Dec. 31, which was reduced to $100 a month from that date.

3rd. J. F. Sugrue drew a living allowance of $83.33 from July 1, which was increased to $125 from Oct. 26, 1904.

4th. J. F. Perron was paid at the rate of $185 a month up to February; in February his pay was readjusted so as to bring his salary up to $125 a month from July 1, and his living allowance up to $83.33 a month until Dec. 31, and to $100 after that date. Later on, in the month of May, he was paid $250.02 to bring his living allowance up to $125 from July 1 to Dec. 31, leaving it at $100 from that date.

5th. T. H. Hinton was paid a living allowance of $83.33 from July 1, which was increased to $100 from Jan. 1. In March he was paid an amount to increase his living allowance to $125 from July 1, 1904.

6th. L. T. Burwash drew an allowance of $83.33 up to Dec. 31, which was increased to $100 from that date. In May a cheque for $412.50 was paid him as an additional allowance for 5½ months at $75 a month.

7th. C. Sylvestre was paid $125 a month as living allowance up to Dec. 31, 1904. This allowance was reduced to $100 from that date.

I am, sir, your obedient servant,

The Deputy Minister, Dept. of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, August 5, 1905.

SIR,—In reply to your letter of the 10th ultimo, I am directed to enclose herewith a Memorandum which will furnish you with the explanation asked for in your communication.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

DEPARTMENT OF THE INTERIOR, OTTAWA, July 31, 1905.

Memorandum.

1. The living allowance of $125.00 has been paid to the married officials.

2. The living allowance of $83.33 a month from the 1st of July, 1904, and which was increased to $100.00 from the 1st of January, 1905, is for unmarried men.

3. I am unable to explain why in some cases only a salary is given, and not a living allowance and a salary. The total amount received, however, is to cover the living allowance and salary, and by deducting the living allowance granted to others from the amount received, the difference will be the salary.

4. The following report may be made with reference to the changes referred to by the Auditor during the year:—

1st. Gerald Petre, from January 1st, instead of being paid $150.00 salary, which was really $83.33 per month living allowance and $66.66 salary, was given an increase in salary and also a living allowance, and the two items were separated. He now has a straight salary of $83.33 and a living allowance of $100.00.

2nd. H. S. Congdon, being a married man, drew a living allowance of $125.00 a month up to the 31st of December, 1904. It was decided in December that if the wife of a married man was not living in the Territory, he could only draw the living allowance given to a single man, namely, $100.00 a month. As Mr. Congdon's wife was not in the Territory, Mr. Congdon's living allowance was reduced to $100.00.

3rd. Mr. Sugrue drew a living allowance of $83.33 from the 1st of July, which was increased to $125.00 from October 26th, the reason for the increase being that he was married on that date, and, therefore, should receive the allowance of a married man.

4th. Mr. J. F. Perron was paid at the rate of $185.00 a month up to February, this being living allowance and salary. In February his pay was re-adjusted so as to bring his salary up to $125.00 a month from the 1st of July, and his living allowance up to $83.33 a month until December 31st, and to $100.00 after that date. The reason for this was that Mr. Perron had been Acting Mining Recorder at Gold Run from the 1st of July, 1904, and it was considered that he was entitled to the same pay as the Mining Recorder, who had been given another position. It was considered, however, that although Mr. Perron was a married man, his wife did not live within the Territory, he was not entitled to the living allowance of a married man. Later on, in the month of May, he was paid $250.00 to bring his living allowance up to $125.00 from the 1st of July to the 31st of December, leaving it at $100.00 from that date. The reason for this was that it was found that other married men in the Territory whose wives were not living in the Territory, were given the living allowance of $125.00 a month up to the 1st of January, 1905, and it was considered that an exception should not be made in the case of Mr. Perron. Mr. Perron is now drawing $100.00 a month, the same as a single man, as his wife is not living in the Territory.

5th. Mr. Hinton was paid a living allowance of $83.33 from the 1st of July, which was increased to $100.00 from the 1st of January. This increase was given on that date to all unmarried men. In March, Mr. Hinton was paid an amount to increase his living allowance to $125.00 from July 1st, 1904. As the expense of living at Duncan Creek, where Mr. Hinton is the Mining Recorder, is much greater than at Dawson, it was decided to increase the living allowance from $100.00 to $125.00 per month.

6th. For the same reasons given in No. 5, Mr. Burwash, who is Mining Inspector in the Kluane District, was given an additional allowance of $75.00 a month.

7th. Mr. Sylvestre was paid $125.00 a month as living allowance up to the 31st of December, 1904. This allowance was reduced to $100.00 from that date owing to the fact that his wife is not living in the Yukon Territory, and it was decided by the department that on and after the 1st of January, 1905, unless the wife of a married man was living in the Territory, he could not draw the living allowance of $125.00 a month.

Expenditure by H. H, Rowatt in Connection with the Commission on Hydraulic Concesssions.

AUDIT OFFICE, OTTAWA, December 15, 1904.

SIR,—I have before me the account of Mr. H. H. Rowatt, who acted as one of the secretaries to the Commission on Hydraulic Concessions, for his expenditure under the advances made to him, which shows a balance in his favour of $137.95. In this account I find items amounting to $31.40 for laundry work for himself and the Commissioners and also $3 for baths. As Mr. Rowatt and the Commissioners were paid a per diem allowance for living expenses these amounts should not have been included in this account, but should have been covered by the living allowance if a living allowance was permitted.

I find that Mr. Rowatt was absent from Ottawa on the Commission from July 31 to Sept. 29, 1903, for which he charged 61 days allowance at $6 a day, and that he made a trip to Toronto and Montreal between July 19 and July 27, 1904, for which he charges 9 days living allowance at $6 a day. While the allowance of $6 a day on the trip to the Yukon might not be considered excessive, I am of opinion that $6 a day is an excessive allowance for a trip to Toronto and Montreal. According to my reading of the Order-in-Council of May 11th last, authorizing the payment of a living allowance to Mr. Rowatt, the Yukon trip only was referred to, the short trip should have been charged for on the basis of actual expenses. I have however to object to the settlement of this account, or of any similar account, on the basis of a per diem allowance, except as described in my letter of this date regarding Mr. W. F. King's account, or on the basis of actual expenses. I have already indicated to you in previous correspondence my objection to these allowances and my desire to have the Treasury Board give a ruling on each separate case.

I am, sir, your obedient servant,

The Deputy Minister, Interior Department. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, May 13, 1905.

SIR,—Referring to your letter of the 15th December last, in which exceptions were taken to certain charges included in the account of Mr. H. H. Rowatt, who acted as one of the secretaries of the Commission on Hydraulic Concessions, I have the honour to enclose herein copy of a memorandum received from Mr. Rowatt, in which he gives an explanation of the items to which exception was taken. Trusting these explanations will be satisfactory,

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secy.*

Memorandum.

The Auditor General in a letter dated the 15th of December last, on this file, objects to certain payments which I made for the expenses of the Commissioners, and I would like to furnish the best explanation I am able as to why these expenses were incurred.

The first items objected to are $31.40 for laundry work for myself and Commissioners, and $3.00 for baths. As you are no doubt aware, $31.40 does not pay for very much laundry work done in Dawson. Our laundry was collected and sent out from our rooms and was paid for when it was returned, and the person who made the payment looked to me for the amount thereof. Our laundry was not kept separate, so that

it was quite impossible to apportion to each one the amount which he should pay, and as it was understood that this was a legitimate expense which was paid for in addition to the per diem rate, no effort was made to keep the accounts separate. You will notice by the Order in Council of the 11th of May last that the per diem rate allowed me was for hotel and living expenses, and was in addition to travelling and other expenses. I think laundry might reasonably be considered "Other expenses."

With regard to the amount charged for baths, I may point out that no private house or hotel in Dawson, so far as I know, is provided with the means of taking a bath, so that it is necessary to go out to one of the public bathing houses, and the price charged for a bath is from fifty cents to one dollar.

The Order in Council of the 11th of May above referred to provides for the payment to me of a per diem rate of $6.00 from the time of my departure from Ottawa. This has been construed to apply to all the time that I was absent from Ottawa in connection with this commission, and this I think is a reasonable construction, as Mr. Justice Britton has been paid a per diem rate of $10.00 per day during the entire period that he has been absent from Toronto in connection with this work. The Auditor General states that he is of the opinion that $6.00 a day is an excessive allowance for a trip to Toronto. In this connection I would point out that during my stay in Toronto, Mr. John Agnew, who acted as stenographer for Mr. Justice Britton in the preparation of his report, took his meals with me at the hotel, at the suggestion of Judge Britton, and I paid his hotel bill as well as my own, as I considered that $6.00 a day would be sufficient to cover the expenses of both. I would also submit that as I had to travel and live with the Commissioners for a period of nearly two months and to pay my share of the expenses, the cost to me was much larger than it might otherwise have been, and as a matter of fact the per diem rate allowed me does not cover the amount of my actual expenses.

AUDIT OFFICE, OTTAWA, March 9, 1905.

Re Defalcation at Duncan Creek, Y.T.

SIR,—Some of the Counterfoils of Placer Grants accompanying the return of the Mining Recorder at Duncan Creek, bear the following memorandum, viz.: "Misappropriated by J. C. McLagan."

As Mr. McLagan was the Mining Recorder at Duncan Creek, I should be glad to know

(1) The extent of his defalcation.
(2) Was he under guarantee bonds?
(3) Has the whole amount been made good?
(4) Any other information you may have in reference to this case.

I am, sir, your obedient servant,

The Deputy Minister, Interior Department. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, 29th May, 1905.

SIR,—I beg to refer you to your letter of the 9th of March last, having reference to the defalcation of Mr. J. C. McLagan, Acting Mining Recorder at Duncan Creek, and in reply to inform you that the Comptroller of the Yukon Territory has been asked to furnish this Department with a statement showing the extent of the defalcations of Mr. McLagan, which have been discovered to date.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

AUDIT OFFICE, OTTAWA, March 22nd, 1905.

Re Repayment of Costs of Surveys.

SIR,—I am without any reply to my letters of July 21st and September 7th, 1904, in reference to the crediting to Revenue instead of to Capital, the repayments made by Railway Companies on account of their share of the cost of surveys.

I am led to again call your attention to the matter, as payments were made in November last by the Souris Branch of the C.P.R., $11,769.90, and the Saskatchewan Valley Land Co., $5,000, which were credited to Dominion Lands Revenue.

I am, sir, your obedient servant,

The Deputy Minister, Interior Department. J. L. McDOUGALL, *A.G.*,

---

INTERIOR DEPT., OTTAWA, April 8th, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd ultimo, referring to the re-payments made by Railway Companies on account of their share of the cost of surveys, and I am to inform you that the matter was submitted to the Department of Finance with a request for a report of its views on the subject.

I enclose herein copy of a letter which has just been received from the Deputy Minister of Finance, from which you will perceive that he thinks no benefit can be obtained by changing the method of treatment of these refunds.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

FINANCE DEPARTMENT, OTTAWA, 3rd April, 1905.

P. G. Keyes, Esq.,
Secretary, Department of the Interior.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th ultimo, enclosing correspondence from the Auditor General in reference to crediting refunds from certain railways for surveys to Dominion Lands Capital instead of to Revenue.

In reply, I beg to say that I do not see anything in the Consolidated Revenue and Audit Act which calls for any action on the part of the Auditor General in the matter, and as the Government decided some years ago to credit these refunds to Dominion Lands Revenue and as they have always been treated as such, I can see no benefit to be obtained in changing the method of treatment.

I have always found that for purposes of comparison and convenience in obtaining information it is advisable to continue along well established lines when there is nothing objectionable in the practice.

I am, sir, your obedient servant,

J.M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, April 27th, 1905.

SIR,—I have received your letter of the 8th inst., enclosing a copy of a letter from the Deputy Minister of Finance in reference to the practice of crediting repayments of cost of surveys to Dominion Lands Revenue.

He states that he does not see anything in the Consolidated Revenue and Audit Act which calls for any action on the part of the Auditor General in the matter.

The Auditor General is not directly authorized by the Act to examine and audit the Revenue Accounts. Section 50, however, provides that he shall do so if required by the Minister of Finance and Receiver General. A minute of the Treasury Board dated June 21, 1886, directs that these accounts be submitted to the Auditor General for examination and audit. It reads as follows: "The Board had under consideration "a communication from the Auditor General to the address of the Secretary of the "Board, requesting to be informed whether the Revenue accounts generally are to be "submitted to him for examination and audit, and if so, under what regulation?"

"The Board direct that these accounts be submitted to the Auditor General for "examination and audit."

The Treasury Board did not prescribe any regulations governing the audit of this revenue and none seems to have been thought necessary, the mere fact that the duty was to be performed seems apparent.

I consider that the classification of these repayments is a matter properly belonging to the audit of the Account and that I am fully authorised to call your attention to the matter.

As stated in my letter of July 21st, 1904, the practice now followed was objected to by a member of the House of Commons, July 19, '04, and the then Minister of the Interior did not dissent but claimed that the Dept. of the Interior was not responsible for the book-keeping of the Auditor General. I claimed that the classification was the work of your Department and asked you to apply for a transfer. Of this you took no notice.

The Deputy Minister of Finance states that the Government decided some years ago to credit these refunds to Dominion Lands Revenue, and as they have always been treated as such, he can see no benefit to be obtained in changing the method of treatment.

I was not aware that the Government had made any decision of the question. I should like to have a copy of the Treasury Minute or the Order-in-Council as the case may be, in reference thereto.

The fact that a practice has been wrongly followed for years, is no reason why it should be continued. The benefit to be gained by a change would be, that we would then have a correct statement of the revenue, and the net cost of the Surveys. As it is now, the published statements show the cost of surveying lands which are the property of the Railway Companies, and which cost they had repaid. Surely this is objectionable.

In the last paragraph of his letter, the Deputy Minister of Finance claims that for the purposes of comparison, &c., it is advisable to continue along well established lines, when there is nothing objectionable in the practice.

One objection to this opinion is that there is something objectionable in the practice. the other is that for purposes of comparison the Dominion Lands Revenue accounts were interfered with years ago. In 1881-82 and the four following years the whole Revenue was credited to Capital.

I am, sir, your obedient servant,

The Deputy Minister, Interior Department. J. L. McDOUGALL.

AUDIT OFFICE, OTTAWA, March 9, 1905.

Re Free Certificates for Export of U.S. Mined Gold.

SIR,—I find that the Free Certificates for Export of U.S. Mined Gold, issued in the Office of the Comptroller at Dawson, since the 1st September last, do not (with few exceptions) contain the amount of the fee collected thereon. Previously this information was given. As an efficient examination of the returns cannot be made without this information, I have to request you to have it furnished in the future.

Please let me know why some are charged for at 50c. and some at $1.00.

I am, sir, your obedient servant,

The Deputy Minister, Interior Department. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, 17th March, 1905.

SIR,—I beg to acknowledge the receipt of your letter of the 9th instant, in which you state that it is found that the free certificates issued by the Comptroller at Dawson for the export of gold mined in the United States do not mention the amount of the fee collected, and you inquire why some are charged the sum of fifty cents and some $1.00. In reply, I am to enclose herewith a copy of a letter dated the 19th of May last, addressed to the Commissioner of the Yukon Territory, which fully explains this matter.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Copy.

INTERIOR DEPT., OTTAWA, 19th May, 1904.

SIR,—I beg to acknowledge the receipt of your letter of the 8th ultimo, 3170, enclosing a copy of a memorandum prepared by Mr. J. T. Lithgow, with respect to the arrangement made some time ago to allow gold mined in Alaska to be exported from

the country through the Yukon Territory without the payment of royalty, provided persons seeking to export such gold produce the required certificates from the American Collector of Customs and obtain from the Comptroller a Certificate of Export. It would appear that these Certificates of Export have in the past been issued by the Comptroller free of charge, and Mr. Lithgow now recommends that he be authorized to charge a fee of fifty cents for each certificate issued where the gold to be exported is twenty-five ounces or less, and one dollar where the gold is over that weight.

As you have approved of the recommendation made by Mr. Lithgow, it has been decided that the fees suggested by him for the issue of the above certificates may be imposed. Please advise the Comptroller to collect in future the fees recommended by him for the issue of such certificates.

Your obedient servant,

F. T. Congdon, Esq., Commissioner, Dawson, Y.T. P. G. KEYES, *Secretary.*

Audit Office, Ottawa, March 27, 1905.

Sir,—I beg to acknowledge the receipt of your letter of the 17th instant, enclosing a copy of a letter addressed to the Commissioner of the Yukon Territory, dated May 17, 1904, in reply to mine of the 9th instant.

The information thus furnished relates to the second paragraph of my letter only.

Have you taken any action in the matter of having the amounts collected, entered on the counterfoils?

I am, sir, your obedient servant,

The Deputy Minister, Interior Department. J. L. McDOUGALL, *A.G.*

Interior Dept., Ottawa, 6th April, 1905.

Sir,—I beg to acknowledge the receipt of your letter of the 27th ultimo, with further reference to the issue of Free Miners' Certificates for the export of gold mined in the United States which passes through the Yukon Territory, and in reply to inform you that copies of your several communications with respect to this matter have been forwarded to the Comptroller at Dawson.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Interior Dept., Ottawa, 10th June, 1905.

Sir,—I beg to refer you to your letter of the 27th March last, with respect to free certificates issued by the Comptroller at Dawson for gold exported from the United States through Canadian territory, and to enclose herewith for your information a copy of a communication dated the 28th of April last from the Acting Comptroller at Dawson with respect to this matter.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Comptroller's Office, Dawson, Y.T., April 28th, 1905.

Sir,—I beg to acknowledge the receipt of your letter of the 6th inst. Ref. No. 80435 T&M, enclosing copy of correspondence with the Auditor General in connection with issuance of Free Certificates for gold mined in Alaska.

In accordance with suggestion, the fee collected shall be noted on the counterfoil in each case, in future.

Your obedient servant,

The Secretary, Dept. of Interior. G. I. McLEAN, *Acting Comptroller.*

AUDIT OFFICE, OTTAWA, December 18th, 1905.

Re Public Buildings—Yukon Local Revenues.

SIR,—Cheque No. 10322 of June 6th last was issued to L. Pacaud for the sum of $33 in payment of interest for 11 months (April 1st, 1903, to Feb. 28, 1904), on $150, purchase price of building for Mining Recorder's Office at Livingstone Creek, at 2 per cent per month.

I observe that Mr. G. I. McLean, Acting Comptroller, certifies that this was paid on the advice of the Legal Adviser, and I would be pleased to know why it was deemed advisable to pay interest at the rate of 24 per cent per annum.

I am, sir, your obedient servant.

J. T. LITHGOW, Esq., Comptroller, Dawson City, Y.T. J. FRASER, *A.G.*

COMPTROLLER'S OFFICE, DAWSON, Y.T., 12th January, 1906.

SIR,—I beg to acknowledge receipt of your letter of 18th ultimo, regarding the payment to Mr. L. Pacaud, of the sum of $33 for eleven months' interest from April 1st, 1903, to February 28th, 1904, on $150, purchase price of a building for Mining Recorder's Office at Livingston Creek, at 2 per cent per month, requesting an explanation of the rate allowed: 24 per cent. per annum. I enclose a copy of the report of the Legal Adviser, which goes fully into the matter, the recommendation being approved by the Acting Commissioner. Two per cent per month is the ordinary rate charged in the Territory for small loans.

Your obedient servant,

The Auditor General, Ottawa. J. T. LITHGOW, *Comptroller.*

Copy for the information of the Auditor General.

DAWSON, Y.T., December 30th, 1904.

Memorandum:

The Acting Commissioner.

Re Pacaud claim for rent.

On November 18th, 1902, Mr. Pacaud was instructed by telegram to go to Livingstone Creek to select a site for a recorder's office. On November 28th Pacaud answered that he had selected a spot about 200 feet from the police station on Livingstone Creek and on December 31st Mr. Pacaud stated by telegram that the proper time to build an office on site selected, would be the spring of the year and that there was no cabin near the police station suitable for a Mining Recorder's Office.

On January 7th, 1903, the superintendent of works instructed Mr. Pacaud to inquire where a cabin could be rented, the rental per month, and wire information. On February 18th Mr. Pacaud wired that he could rent a cabin one mile from the police station at $30.00 per month, more particulars being given in Mr. Pacaud's letter of next day.

On March 5th I wrote Mr. Pacaud instructing him to move to Livingstone Creek at once and to rent a cabin. Mr. Bertrand, Superintendent of Works, instructed Mr. Pacaud on March 26th, to rent the cabin referred to in his letter of the 13th February at $30 a month and on April 15th Mr. Pacaud advised me that he had bought a cabin about one mile above the police station, undoubtedly the cabin referred to in the correspondence with Mr. Bertrand.

The owner of the cabin, one C. R. Stevens, transferred the same to Mr. Pacaud by bill of sale on April 11th, 1903, and on June 29th Mr. Pacaud sent the bills of sale to Mr. Lithgow, the Comptroller, stating he would be glad to transfer the cabin to the Government upon payment of the purchase price he paid for it ($150.00). The Government did not purchase the cabin from Pacaud at that time, as there was no appropriation out of which the money could be paid. On January 15th, 1904, draft bills of sale were sent to Mr. Pacaud, who executed the same, transferring the cabin to the Government, and on March 2nd Mr. Lithgow deposited $150.00 to the credit of Mr. Pacaud in the Bank of Commerce here in payment for same.

This is a full statement of the facts in connection with this matter.

Mr. Pacaud purchased the cabin on his own responsibility; the instructions he received were confined to renting at so much per month, and he occupied the cabin as Mining Recorder for eleven months while he was the owner thereof.

Looking at the matter from this standpoint alone one would say he was entitled to a reasonable rent for his building while occupied by the Mining Recorder (and $15.00 per month is a reasonable rent) and I know of no law preventing an employee of the Government renting a building he owns to the Government, but I am of opinion that the view the Department would take of the matter is this: That when he first went to Livingstone Creek to look for a cabin he went as the Government's agent and as such it was his duty to make the best possible arrangement for the Government and, although going beyond his instructions in purchasing the cabin, he considered it the best thing to do and although paying his own money in payment therefor, the purchase was made on behalf of the Government, he expecting to be reimbursed later. Owing to their being no appropriation the reimbursement did not take place for eleven months.

In addition to this the Government views with jealousy and suspicion any attempt on the part of an employee to make any money themselves through any duty they may have to perform on behalf of the Government and this is especially the case when the additional money they make comes out of the Government funds. I am of opinion, therefore, that they would consider that Mr. Pacaud acted as trustee for the Government when he purchased this cabin.

He was by his action deprived of the use of $150 for eleven months and I think he should be paid reasonable interest on his money for that time.

Considering the value of money in this Territory, I think he should receive about two per cent per month on $150. If this suggestion were followed he should receive $33.00 as payment in full.

E. C. SENKLER, *Legal Adviser.*

AUDIT OFFICE, OTTAWA, December 22nd, 1905.

Re Yukon Local Revenue.

SIR,—In the accounts of 1904-5, Robert Lowe, a member of the Yukon Council, received $685 for indemnity and travelling expenses, and also the following payments for horse hire, &c.:—

Chargeable to Whitehorse Assay Office	$ 76 00
Chargeable to Whitehorse Public School	180 00
Chargeable to Roads, &c.	1,663 25

A member of the Dominion House or of any Provincial Legislature is debarred by Act from having any business transactions with the Government.

Has the question been considered by the Yukon Council, and if so, has any Ordnance been passed in reference thereto?

I am, sir, your obedient servant,

J. T. LITHGOW, Esq., Comptroller, Dawson. J. FRASER, *A.G.*

COMPTROLLER'S OFFICE, DAWSON, Y.T., 12th January, 1906.

Re Yukon Local Revenues.

SIR,—I beg to acknowledge receipt of your letter of 22nd of December last, in which you point out that in the accounts of 1904-5, Robert Lowe, a member of the Yukon Council, received $685.00 for indemnity and travelling expenses, and that certain payments were made to him for supplies, etc., furnished to Whitehorse Assay

Office, Public School and on account of Government Roads. You call my attention to the fact that a Member of the Dominion House or of any Provincial Legislature is debarred by Act from having any business transactions with the Government, and ask if the question has been considered by the Yukon Council, and if so, has any ordinance been passed in reference thereto ?

In reply I beg to say that the question has not been considered by the Yukon Council, neither has any ordinance been passed in reference thereto.

I am sending you by same mail a copy of the Consolidated Ordinances of the Yukon Territory; also a copy of the ordinances that have been passed since the date of the publication of the Consolidated Ordinances, which will no doubt be of use to you in your Department.

I am, sir, your obedient servant,

J. T. LITHGOW, *Comptroller.*

Re Binder Twine Industry.

AUDIT OFFICE, OTTAWA, September 6, 1905.

SIR,—I have received your letter of 1st inst. enclosing statements of the Binder Twine Industry at the Kingston Penitentiary for the fiscal year 1904-5.

I have to request that in future these returns should be furnished monthly to this office.

The shipments during the year as shown by the summary statement do not agree with the shipments as shown by the monthly statements. The following memo. shows the difference :—

	Shipped as per Summary.	Shipped as per Monthly Statement.
	Lbs.	Lbs.
N. S.—Pure Manilla	191,795	191,795
O. S.— "	52,550	None.
Mixed Manilla	23,510	23,510
Extra Standard	318	None.
Pure New Zealand	8,130	2,580
Rope Yarn	107,800	None.
" $\frac{7}{8}$-in	10,034	3,488
" 1-in	40,259	34,738
" $1\frac{1}{4}$-in.	26,789	16,303
" $1\frac{1}{8}$-in.	38,398	6,711
" $\frac{3}{4}$-in	355	355
" $\frac{1}{8}$-in		24,482

Possibly what is entered on the monthly statement as $\frac{1}{8}$ in. should be $1\frac{1}{8}$ in.

The cash that has come to account corresponds with the value of the shipments as per the monthly statements.

When was the stock on hand verified by actual stock-taking ?

I have to call your attention to the Treasury Minute of May 23, 1890, a copy of which is published in the Audit Report for 1903-4, page A–25. Sec. 4 of this Minute directs that the monthly return of revenue shall be fully examined and audited in the Department and certified by the Accountant and examining officer.

It is essential that these regulations should be observed.

I shall be favoured by a reply at your early convenience.

I am, sir, your obedient servant,

The Deputy Minister of Justice. JOHN FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, September 8, 1905.

SIR,—Referring to my letter of the 6th, as to the difference between the summary and the monthly statements of Binder Twine Industry, I now have to state that $2,642.31 came to account in May in payment for rope for which no statement has been furnished. Please let me have this statement as soon as possible.

The rope covered by these payments will go to meet, in part at least, the differences in the shipments referred to in my letter of the 6th.

I am, sir, your obedient servant,

The Deputy Minister of Justice. JOHN FRASER, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, September 14, 1905.

SIR,—Referring to your letters of the 6th and 8th inst. respectively, regarding the returns of the Binder Twine industry for last fiscal year; I enclose a memorandum from the accountant of the penitentiary that I trust will give you the required explanations.

I am sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

The Auditor General.

KINGSTON PENITENTIARY, KINSGTON, ONT., September 12, 1905.

The Inspectors of Penitentiaries,

Ottawa, Ont.

GENTLEMEN,—I have the honour to state, in reply to your query *re* the letters of the Auditor General of the 6th and 8th inst., concerning a discrepancy in the Binder Twine statements, that it was not the intention that the summary report, furnished your department, of the workings of the industry, should correspond with the monthly statements of the 'Details of Twine Shipped.'

In the former all twine going out of the storehouse for any purpose whatsoever, is classified under the column headed 'Shipped During the Year.' this would include all twine removed from the storehouse to be manufactured into rope, twine sold, &c., &c., while the 'Details of Twine Shipped' is simply a statement, in detail, of the twine sold and shipped to the purchaser during the current month. The same will apply to rope yarn.

Re the 24,482 lbs. of $\frac{1}{8}$ inch rope, mentioned in the Statement, I think this is a mistake as one of the shipments made during the month of June of $1\frac{1}{8}$ inch rope was of this amount. By adding 6,711 lbs. the amount of the $1\frac{1}{8}$ inch rope, the Auditor General shows as shipped, the 24,482 lbs. which should be $1\frac{1}{8}$ inch rope, and the two shipments in May, one of 2,077 lbs. and one of 5,128 lbs., you will see that it will correspond with our summary of 38,398 lbs. We have not made any $\frac{1}{8}$ inch rope.

Re the Auditor General's letter September 8, I beg to say that a statement, in duplicate, of rope shipped in May was forwarded to your department. Should these statements have gone astray, I will be glad to furnish copies of same.

I would recommend and, if given permission, will prepare at once, a monthly statement form, with separate columns, in which may be shown twine actually sold and shipped from the institution and the twine and rope yarn manufactured into rope; this would avoid any conflict in these amounts.

Re actual stock-taking, I beg to say that we have an actual stock-taking at the end of each fiscal year, the last having been taken on the 30th day of June, this year.

I have gone carefully over the year's statements and find them correct. Trusting that this explanation will be satisfactory to the Auditor General and yourselves.

I am sir, your obedient servant,

W. S. HUGHES,

Accountant & Clerk of Industries.

AUDIT OFFICE, Ottawa, August 25, 1905.

SIR,—Referring to your expenditure in July, 1905, I notice these payments:

Cheque No. 4908, Walter Todd $150
" 4909, L. C. Panet $150

The vouchers returned to this office state that these payments were for extra work in connection with the proceedings of the Committee on Telephone Systems. They were made on the authority, apparently, of a resolution of the committee. There is no evidence on the vouchers that the committee made the usual recommendation to the House, had it adopted and passed upon by the Committee on Internal Economy as required. Please let me know why payment was made without this action.

I am, Sir, your obedient servant,

THE CLERK OF THE COMMONS. J. FRASER, A.G.

Large Payments to which Letter of Credit should not Apply.

AUDIT OFFICE, OTTAWA, September 26, 1904.

SIR,—I notice by your statements of cheques issued for the months of July and August of the current fiscal year that you have made some very large payments under your letter of credit, such for example, as,

Cheque 988, Watson, Jack & Co., advance	$ 4,000
Cheque 1043, Canadian Fog Signal Co., advance	50,000
Cheque 1044, Geo. T. Merwin, advance	20,000
Cheque 2606, Polson Iron Works, contract	41,260
Cheque 2721, Ross Rifle Co., rifles	12,500
Cheque 3296, H. E. Baker, advance	4,000

These payments, should, I think, have been made by Receiver-General's cheque as they are in connection with large contracts or advances on work proposed to be undertaken.

I shall be glad to make some arrangement with you as to the class of payments which your letter of credit is intended to cover and the class that should be made by direct application to this office.

In view of the increasing expenditure under your department, especially in connection with the construction of lights, it seems to me necessary that an arrangement such as I suggest should be made at once. This is what is done with reference to similar claims in the Railway Department and in the Public Works Department.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 8, 1904.

SIR,—Referring to your letter of September 26 last drawing the attention of the department to the very large payments made during the months of July and August, of the current fiscal year, under the department's letter of credit, and stating that you are of the opinion that these payments should have been made by Receiver-General's cheque, I am to inform you that these amounts form part of the estimates of this department voted by parliament, and at the time the items for aids to naviga-

tion and construction of steamer by the Polson Iron Works Company were under consideration, the minister presented a statement showing how the money was to be expended and also gave the amount of the Polson's contract for the building of the cruiser. I think, therefore, that the payments referred to were under the control of this department and the different amounts were rightly paid out of the department's letter of credit.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, November 19, 1904.

SIR,—I have the honour to acknowledge the receipt of your letter of the 8th instant with reference to certain large payments made under your letter of credit during the months of July and August last to which I had previously called your attention, in which you say 'that these amounts form part of the estimates of this department, voted by parliament, and at the time the items for aids to navigation and construction of steamer by Polson Iron Works Company were under consideration, the minister presented a statement showing how the money was to be expended and also gave the amount of the Polson's contract for building of the cruiser.'

I beg to point out that information of this nature, given in Parliament when the estimates are under consideration in Committee of Supply is common to almost every item which enters into the Supply Bill ; but such information does not exempt the expenditure made under these items from the process of audit whether before or after payment.

The audit before payment is now applied in the other departments—the Railways and Canals and Public Works for example—to large items of expenditure similar to those to which I have called your attention ; the letter of credit system being applied mainly to the making of payments of individually smaller amounts of frequently recurring character and in which there is little variation.

As the class of outlay which is usually audited before payment seems to be on the increase in your department it is advisable that the same rule as obtains in the departments I have mentioned should apply to the Marine and Fisheries also. During the month of October I find you made the following payments under your letter of credit which, under the classification of expenditure applicable to the other departments, should have been made by application to this office for Receiver-General's cheques.

8111. Thomas L. Willson	$ 9,000 00
8320. American Process Co	11,819 88
8615. Canadian Fog Signal Co	43,852 50
10011. Polson Iron Works	5,000 00
10009 and 10010. Marconi Wireless Tel. Co	7,550 00
10175. Geo. T. Merwin	19,200 00

I have to ask that you will give this matter your early attention.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Advances for Repairs to 'Neptune' made from Vote for Dominion Steamers.

AUDIT OFFICE, OTTAWA, March 13, 1905.

SIR,—I beg to ask for explanation of a payment of $6,000 to J. Parsons, agent of Marine and Fisheries, at Halifax, by cheque 8544, of the current fiscal year, charged against the vote for Dominion Steamers, and also a payment of $2,500, by cheque 10459, in favour of Mr. A. P. Low, charged against the same vote. Both these pay-

ments seem to have been advances to cover expenses in connection with certain repairs to the Steamer 'Neptune,' employed last year on the expedition to Hudson Bay, The 'Neptune' is not a Dominion steamer, within the meaning of the Parliamentary appropriation, and I shall be obliged if you will let me know on what grounds you authorized the issue of the cheques in question for a purpose altogether foreign to that intended by Parliament.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA., April 5, 1905.

SIR,—With reference to cheque No. 8544, of the current fiscal year, in favour of J. Parsons, for the sum of $6,000, and cheque No. 10459, in favour of A. P. Low, for $2,500, which amounts were charged to the appropriation for Dominion steamers, I am to inform you that when the 'Neptune' arrived from Hudson Bay in October last the appropriation for that service was exhausted and, as the department was obliged to pay off the crew and meet the expenses of the expedition so that the ship could be returned to its owners, Messrs. Job Bros. & Co., of St. Johns, Newfoundland, and as the matter, being of a very urgent nature, could not be delayed, the amount required was taken from the vote for Dominion steamers. In the supplementary estimates for the current year the minister has placed the sum of $65,000 to pay the balance of the expenses in connection with the extension of the coast service and surveys on the northern and north-western coasts of Canada.

It being necessary to transfer cheques above mentioned from Dominion steamers to the vote for Hudson Bay Expedition, I am to request you to kindly make the necessary transfer.

Owing to the urgency of the case, the department could not wait to procure a Governor General's Warrant.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE OTTAWA, April 7, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th inst. in explanation of your having paid from the vote for Dominion steamers for the current fiscal year $8,500 for expenses incurred in connection with the Steamer 'Neptune,' which is not a Dominion steamer, and therefore was not covered by the vote in question.

The fact which you urge in support of your course in this matter that, the vote to which these expenses could be properly charged had been exhausted, is no justification for having charged them to a vote provided for a wholly different purpose.

If the departmental officers entrusted with the administration of letters of credit may, in cases of emergency, of the gravity of which they constitute themselves the judges, use money appropriated by parliament for a distinct and explicit purpose to pay expenses incurred in connection with a wholly different undertaking to that so provided for, then the object of Parliament in making separate and distinct appropriations for the various public services would be defeated or ignored. It seems to me the only course for a department to follow, when any undertaking involving the expenditure of public money is submitted to it, is to ascertain whether or not there is a parliamentary appropriation available for the purpose. If there is no such appropriation the department has no right or authority to entertain the matter ; but if the department feels that the case submitted to it is of such concern as to be 'urgently and immediately required for the public good' then the

law provides the necessary remedy in subsection (b) of section 32 of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Expenditure not under Contract.

AUDIT OFFICE, OTTAWA, November 10, 1905.

SIR,—I beg to bring to your notice the following payments made during the fiscal year 1904-05, for repairs to the steamer 'Neptune,' at Halifax, after her return from Hudson Bay in October, 1904 :

Ferguson & Cox	$	1,582 19
W. W. Howell & Co		2,073 68
David McPherson		9,433 93

These accounts are certified by Steamboat Inspectors Hill and Esdaile and by your agent at Halifax, but there is nothing in the certificate given that would indicate that any special agreement had been entered into in regard to the prices to be charged. Are the prices certified as 'correct' or as 'reasonable' merely the ordinary retail prices of the articles purchased or the work performed? Were tenders called for, for these repairs or for any portion of them ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 18, 1905.

SIR,—With reference to your letter of the 10th ultimo inquiring about the following payments made during the fiscal year 1904-05 for repairs to the Steamer 'Neptune,' at Halifax, after her return from Hudson Bay in October, 1904 :

Ferguson & Co	$	1,589 19
W. W. Howell & Co		2,073 68
D. McPherson		9,433 93

and stating that in the accounts there is nothing to indicate that any special arrangement had been entered into in regard to the prices charged, I beg to say that no agreement was entered into beforehand as to the prices to be paid beyond the implied agreement in every piece of work that the prices must be fair and just.

Messrs. Hill & Esdaile, the inspectors, marked the accounts as correct and Mr. H. W. Ross, our timekeeper, who had been Commander Low's purser on the expedition, kept time and reported it correct.

The prices paid are the usual prices at the port of Halifax for labour and material.

No tenders were called for these repairs. Mr. A. P. Low had immediate charge of the work.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Uniforms for Officers and Crew of Steamer 'Scout.'

AUDIT OFFICE, OTTAWA, November 15, 1905.

SIR,—I beg to bring to your notice a payment of $681.50 for uniforms for the officers and crew of the steamer 'Scout' made by cheque 3568 of the fiscal year 1904-05.

The voucher in support of this payment is certified by U. P. Boucher, who is in charge of the buoy service between Montreal and Quebec. Was he also in charge of the Steamer 'Scout' at the time these uniforms were supplied ?

There is a charge of $60 for a suit and overcoat for Mr. J. F. Fraser, who appears on your departmental pay-list as a technical officer.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Payment of Drafts Drawn by A. N. Whitman & Son.

AUDIT OFFICE, OTTAWA, December, 16, 1905.

SIR,—I beg to bring to your notice payments made during the fiscal year 1904-05, from the vote for cold storage for bait, &c., to the amount of $5,007.65, to redeem drafts drawn on the department by A. N. Whitman & Son, Canso, Nova Scotia, on which the department paid $12.52 bank charges.

This expenditure was incurred at Canso in connection with certain works there designed apparently for the conservation and development of deep sea fisheries.

The vouchers sent me in support of the amount paid are not receipted and the certificate as to the due performance of the work is given by George W. Jenkins, who appears to have been foreman of works or superintendent. One of the vouchers sent me is in support of $499 paid for labour on board herring drifter 33, and is certified by A. N. Whitman & Son.

Please let me have some further information in regard to this expenditure.

Why was it necessary to draw on the department for the amount claimed ?

Who represented the department at Canso in the supervision of the work ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December, 21, 1905.

SIR,—The drafts on the department by Messrs. A. N. Whitman & Son, to which you refer in you letter of the 18th instant, were to cover pay-lists in connection with the construction of the Canso Dogfish Reduction Works. As it was found urgent that the workmen should be paid without delay, the Messrs. Whitman were authorized to draw on the department for the amount of the pay-lists, attaching to the draft the pay-list, certified by the foreman, Mr. George W. Jenkins.

With reference to the account for four hundred and ninety-nine dollars for labour on board the herring drifter 'No. 33,' I may say that at the time that the departmental operation of this boat ceased last year,—November 23,—Mr. Cowie, the expert in charge of the herring curing experiment, after Scottish methods, was in British Columbia, carrying on some experiments there, and the Messrs. Whitman were authorized to pay off the officers and crew of the drifter and their certificate was consequently attached to the pay-list.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Parry Sound Depot.

AUDIT OFFICE, OTTAWA, December 13, 1905.

SIR,—I beg to call your attention to a payment of $5,000 made during last year to the Bank of Ottawa and H. E. Stone, agent of the Department of Justice, for a site for a lighthouse depot at Parry Sound, and to point out that the certificate of the

officer of your department upon which the price asked was accepted as fair and just is not given.

I would also call your attention to a payment of $500 to Geo. Thompson by cheque 27636 for services in connection with the purchase of this site. No account has been sent me in support of this payment. I shall be obliged if you will look into these payments and let me have the necessary information at your early convenience.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 26, 1905.

SIR,—In reply to your letter of the 13th instant with reference to the purchase by this department of a site at Parry Sound, for which a sum of $5,000 was paid to the Bank of Ottawa and $500 to Mr. Geo. Thompson, and asking to be furnished with a certificate as to the fairness of price paid and also with Mr. Thompson's account, I beg to inclose herewith Mr. Thompson's receipt and the departmental letter giving the instructions to Mr. Thompson.

With regard to the certificate stating that price paid was fair, I understand that it is at the Parry Sound Depot and will be forwarded you on Mr. J. F. Fraser's return from British Columbia, in six or seven days.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, November 3, 1905.

SIR,—I beg to request that you will cause to be sent me a detailed voucher, certified in accordance with the requirements of the Consolidated Revenue and Audit Act, in support of a payment of $500 made to Mr. George F. Thompson by cheque 27636 for services *re* purchase of Parry Sound Depot.

Also the necessary certificate as to the reasonableness of the price paid, $5,000, for the depot recently purchased at Parry Sound.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Charter of Steamer 'King Edward' at Quebec.

AUDIT OFFICE, OTTAWA, November 16, 1905.

SIR,—I beg to ask for explanation of a payment of $20,792.50 made to the Peoples' Bank of Halifax, for SS. 'King Edward' and owners, by cheque 22,145 of the fiscal year 1904-05.

Was there an agreement with the owners of the Steamer 'King Edward' as to the price to be paid for the steamer when used by your department? If so, please send me a certified copy of it. I presume you are aware that the 'King Edward' is the steamer performing, in part, the subsidized steamship service between Quebec and ports on the north shore of the St. Lawrence as far down the river as Nastashquan and Blanc Sablon.

The voucher sent me in support of the payment made, includes every day in July, August and September. Was the steamer employed solely on work connected with your department during these three months?

There are charges for extra help discharging cargo, of which I should like to have explanation.

I return the voucher for the certificate called for by the Consolidated Revenue and Audit Act as to the performance of the service and the reasonableness of the price. Why was not this certificate obtained before payment was made?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 26, 1905.

SIR,—With reference to your letter of the 16th ultimo asking for an explanation of a payment of $20,792.50 made to the People's Bank of Halifax for the ss. 'King Edward' and owners, by cheque No. 22145 of the fiscal year 1904-05, I beg to inclose herewith copy of the contract entered into between the owners of the 'King Edward' and the department. You will notice that according to the contract the owners of the 'King Edward' were entitled to $200 a day and also a reasonable remuneration for extra work when required for discharging material, &c., but only $180 a day was granted because the owners of the steamer carried some of their own freight. This reduction of $20 a day was considered a very fair indemnity to the department.

I beg to return also the vouchers in connection with the payment alluded to duly certified as called for by the Consolidated Revenue and Audit Act. I may say that the original vouchers were properly certified and the ones you returned were duplicates.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D. M. of M. & F.*

Drafts on the Department by J. Gaudin.

AUDIT OFFICE, OTTAWA, November 2, 1905.

SIR,—I beg to bring to your notice a payment of $4,449.62 made the Canadian Bank of Commerce, by cheque 24,417, of the fiscal year 1904-05, to pay James Gaudin's drafts.

These drafts, three in number, are made payable sixty days after date and the amount has been made a charge on the vote for construction of lights.

It appears from the face of the drafts that this mode of payment was adopted by Mr. Gaudin, your agent at Victoria, British Columbia, on the authority of some letter, apparently from the department. I should like to have this letter or other authority upon which your agent acted in this matter.

The whole transaction seems to me to be very irregular. The only authorized modes of payment are by letter of credit cheque or Receiver-General's cheque. The Receiver-General is, under the Act, the custodian of the funds of the Dominion and no official in any department has power or authority to issue or accept drafts for public money, neither has any bank authority to honour such drafts. Were it otherwise and did a government official wish to obtain money for his own use and perhaps become a defaulter he could easily do so by drawing on some department for such sum as he wished. In the issuing of a sixty-day draft interest must have been paid to the bank for that period, and I might point out that the Finance Department is the only department empowered to pay interest on public liabilities and then only in cases clearly defined by Act of parliament. I need hardly say that sixty-day drafts are not included in such cases.

I shall be glad to receive a satisfactory explanation of these transactions.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 22, 1905.

SIR,—I beg to acknowledge the receipt of your letter of the 2nd ultimo referring to the payment of J. Gaudin's drafts on the department, for a sum of $4,449.62, by cheque No. 24417, and in reply I beg to say that the above payment represented the following items :—

Purchase price of the 'Mermaid'	$3,000 00
Construction of Scarlet Point, interest &c.	1,449 62

With reference to the 'Mermaid' I beg to say that the purchase was authorized by Order in Council of the 15th April, 1905, and a certain amount was placed in the Supplementary Estimates for the payment. It was most imperative to take possession of the vessel at the time, because some one else intended purchasing her, and also owing to the fact that she had to undergo certain repairs before being ready to go into commission.

The balance of the amount alluded to was for work of construction at Scarlett Point lighthouse and in this case it was necessary to pay the working men, as otherwise the department would have had to stop the work, take the men ashore and this would have caused a considerable loss of money.

Under those circumstances it was thought advisable to meet the draft in the interest of the department and of the shipping corporation.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D..M. of M. & F.*

Supplies for Steamer 'Maisonneuve,' &c.

AUDIT OFFICE, OTTAWA, December 12, 1905.

SIR,—I beg to ask for explanation of a payment of $1,500 made last year from the vote for Maintenance of Lights, Quebec, to Mr. Walter Cunningham, Ottawa, on an account rendered by him for $1,640.32.

In this account he makes charge for claret, ginger ale, Radnor, Poland water, Vichy and sundry provisions, supplied from May to October, 1904, either to the 'Maisonneuve' or the government car 'Ottawa.' Supplies to the amount of $1,214.72 were obtained on July 20, 1904, and signed for by Alex. Rodillard, master and Joseph Lemieux, steward. It seems to me necessary that some explanation of this expenditure should be given as the reasons for making it a charge on the maintenance of lights in the province of Quebec are not apparent from the voucher sent me.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 18, 1905.

SIR,—In reply to your letter of the 13th instant asking an explanation of a payment of $1,500 made last year from the vote for Maintenance of Lights, Quebec, to Mr. Walter Cunningham, Ottawa, on an account rendered by him for $1,640.32, I beg to say that the item of $1,214.72 was for provisions supplied to the Anticosti lightship before her departure for her station ; part of the account was for provisions delivered to the 'Maisonneuve,' which was employed part of the time in connection with lighthouse service on the River St. Lawrence ; the balance charged for the government car, 'Ottawa,' was for goods delivered when the Honourable the Minister made his trip to British Columbia in connection with aids to navigation ; the latter small item might have been charged to Maintenance General Account, and if you wish it transferred, be good enough to let me know.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Supplies for 'Arctic,' on Hudson Bay Expedition, not under Contract.

AUDIT OFFICE, OTTAWA, November 15, 1905.

SIR,—With reference to the payments made last year under your letter of credit, in connection with the voyage of the Steamer 'Arctic,' to Hudson Bay, I notice several accounts for large supplies of provisions, clothing, bedding, &c., the prices of

which, so far as I can ascertain from the vouchers sent me, were not determined by tenders called for by public advertisement.

Were tenders called for the supplies or other proposed outlay in connection with the expedition to Hudson Bay by the steamer 'Arctic,' and if not, will you please let me know your reasons for not having called for tenders in the case of large quantities of supplies, &c.

In this connection, I desire to call your attention to an Act passed last session of Parliament (4-5 Edward VII, chapter 7), which, though perhaps not strictly applicable to the present case, quite clearly indicates the mind of Parliament as to the necessity of having the prices in the case of large outlays determined by public competition.

I should like to know also, for the information of Parliament, what steps were taken by the department to ascertain the class of supplies whether of provisions, clothing, &c., that would be most useful on the expedition and the quantities of each which it would be necessary to provide.

Was Mr. Low, who was in charge of the previous expedition by the steamer 'Neptune,' and who spent a winter in the Hudson Bay, asked for a report or estimate in this particular ? I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 28, 1905.

SIR,—I beg to acknowledge the receipt of your letter of the15th instant with reference to he payments made last year in connection with the voyage of the steamer 'Arctic' to Hudson Bay.

In that letter you inquire if tenders have been called for the purchase of the clothing, provisions, &c., and, if not, you wish to be informed of our reasons for not doing so. In reply I may say that tenders were not called for because it was considered imperative to have the D.G.S. 'Arctic' sailed by the 15th of August, and calling tenders would have considerably delayed her departure. Moreover, the firms from whom the supplies were purchased were notified on the letters giving the orders that if the goods supplied were not first-class in every respect, and the prices charged not the current market prices, the goods would be returned or the prices cut down mercilessly. You will notice that some of the accounts which appeared excessive were considerably reduced.

It is customary for the department to ask for tenders when there are large quantities of provisions, &c., to be purchased, except when circumstances will not permit.

You also ask what steps were taken to ascertain what class of supplies, whether of provisions, clothing, &c., would be most useful on the expedition, and the quantity of each which it would be necessary to provide. In this connection I may say that the works of the best known authority on Arctic exploration were consulted with regard to quantity and quality of the supplies required for the number of men who accompanied the expedition and the time they were expected to remain there. I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, November 27, 1905.

SIR,—Mr. Boudreau, the assistant accountant of your department has certified to the reasonableness of the price paid in regard to a variety of the supplies purchased during the fiscal year 1904-05, for the expedition of the steamer 'Arctic,' to the northern waters of Canada.

Was Mr. Boudreau the purchasing agent of the department, and if so, I should like to be informed of the means he adopted to satisfy himself that the prices paid in each instance were fair and just, in view of the quantity purchased and the quality of the material supplied ? It seems to me it would not be reasonable to take for granted that Mr. Boudreau of his own general knowledge would know sufficient of

the prices of the various supplies to give the certificate called for by the statute. The necessary certificate in this respect seems to have been ignored in regard to several of the accounts and I shall be glad if you will look into the matter and obtain the desired certificate. I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 28, 1905.

SIR,—In reply to your letter inquiring if Mr. Boudreau, the assistant accountant, is the purchasing agent of the department, and also what means he took to ascertain the reasonableness of the prices paid for the goods purchased in view of the quantity and the quality of material supplied, I beg to inform you that Mr. Boudreau is not the purchasing agent and did not purchase the goods, but was sent to Quebec to check the quantity, examine the quality, and also certify to the accounts when once convinced of the fairness of prices.

Mr. Boudreau had a fair knowledge of the goods to be purchased and what he did not know he took steps to obtain information where it was to be found, either in mercantile papers or from private individuals, as the case required.

The samples of all the goods were examined and passed upon by Lt.-Col. White, Mr. J. H. Semple, an expert from Montreal and myself, and everything was found of the best quality. Mr. Semple who had examined the goods also looked over the accounts as you will see by his report which was forwarded you on the 28th instant, that he found the price paid fair and just.

There may be a few cases where the prices paid exceed the market prices by a small margin, but this is accounted for by the fact that the goods had to be specially packed and prepared for a trip which was expected to last three years, and also for the Arctic weather. I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Large Expenditure not under Contract.

AUDIT OFFICE, OTTAWA, December 20, 1905.

SIR,—I beg to bring to your notice the following payments made during last year from the vote for Construction Lights :—

F. L. Brooks, Montreal	$ 9,930 87
Canadian Fog Signal Co., Toronto	428,298 12
McKelvey & Birch, Kingston	16,092 18
I. Matheson & Co., New Glasgow	12,385 00
Geo. T. Merwin, Montreal	134,005 24
Thos. L. Willson, Ottawa	192,500 00

The vouchers sent me in support of these payments do not contain any evidence that such large purchases were made under any special agreement as to prices or that tenders were invited by public advertisement.

I shall be obliged if you will let me know the precautions you have taken in all these cases to assure yourself that the prices charged were the best that could have been obtained even if tenders had been invited.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Residential Indemnity.

AUDIT OFFICE, OTTAWA, December 20, 1905.

SIR,—I beg to ask for explanation of a charge made by Mr. Edouard Charlier, in voucher No. 18376, of the fiscal year 1904-05, of 58 days' residential indemnity at $2.50

a day. This claim has been allowed by the department and paid from the vote for naval militia and school of navigation.

I do not quite understand the nature of this claim and shall be obliged if you will inform me further in regard to it.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Residence for Superintendent of Lights, Nova Scotia.

AUDIT OFFICE, OTTAWA, December 20, 1905.

SIR,—I beg to ask for explanation of a payment made Longard Bros., Halifax, of $765 for installing hot water heating apparatus in the residence of the superintendent of lights for the province of Nova Scotia, at Dartmouth.

Please let me know on what authority the superintendent of lights is allowed an official residence. I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 21, 1905.

SIR,—I have to acknowledge receipt of your letter of the 20th instant, requesting to be informed as to the authority on which the Superintendent of Lights for Nova Scotia is allowed an official residence and an explanation for the payment of $765 to Longard Bros., for installing hot water heating apparatus in the Superintendent of Lights' residence.

In reply, I beg to say that by Order in Council of the 12th January, 1904, the Minister of Marine and Fisheries was authorized to purchase the Troop property at Dartmouth, N. S., at a price of $15,000 for a depot for the storage of oil, buoys, anchors, chains and other materials, and for other purposes of this department.

After the purchase was effected in April, 1904, the property was left vacant at the department's risk and Mr. Hutchins, Superintendent of Lights, was authorized to look after the property and occupy a cottage on the grounds, which was formerly occupied by Mr. Troop as a summer residence.

Since then the department has built a wharf on this property and other improvements have been made to it under the superintendence of Mr. Hutchins. It was found, however, that it would be impossible for him to live in this building during the winter months unless hot water heating was installed, and as it would not be in the interests of the service to have Mr. Hutchins, who was looking after the property and in charge of the work in progress to move to other premises, the hot water heating was installed in the cottage on the Dartmouth Depot property.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Silverware, &c., for Steamers 'Montcalm' and 'Champlain.'

AUDIT OFFICE, OTTAWA, December 26, 1905.

SIR,—I beg to bring to your notice the accounts rendered by Messrs. B. J. Coghlin & Co., for silverware, glassware and other table furnishings to the amount of $3,492.79 for the steamers 'Montcalm' and 'Champlain.'

I should like to be informed of the advantage to the department of purchasing the articles in question through Messers. Coghlin instead of direct from the trade.

I should also like to be informed if it is customary to equip these vessels, which are not passenger carrying vessels, with silverware, cutlery, &c., of such an expensive nature as that which appears in the accounts above referred to.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. A. FRASER, *A.G.*

Re Fisheries Revenue, British Columbia.

AUDIT OFFICE, OTTAWA, February 22, 1905.

SIR,—The collections for the issue of fishery licenses by Messrs. Sword and Williams, Fishery Inspectors for British Columbia, are considerably less than for the same period last year.

The collections for the present fiscal year that have so far reached this office as per cash statements Nos. 1 to 6, inclusive, and the collections covered by the corresponding statements of the last fiscal year are as follows :—

1903-04	$ 39,375 79
1904-05	25,295 25

Kindly explain why the collections of the present year are so far behind those of the last year.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, December 14, 1905.

SIR,—You were written to February 22 last calling your attention to the large falling off in the receipts of fisheries revenue, B.C., as compared with the same period of the previous year.

No reply has been received to this letter.

The total revenue of 1904-05 is $9,468.34 less than the revenue of the previous year.

A considerable number of canneries that paid for licenses in 1903-04 do not appear in the accounts of 1904-05. I inclose a list. There are some canneries that have paid more in 1904-05 than the previous year, and some less. There is also a large reduction in the amount collected for single licenses. The officials of your department have no doubt reported to you this large decrease.

I have to ask if you have taken steps to satisfy you that it was not owing to any omission on the part of those using the fisheries to procure licenses, nor to any neglect on the part of the inspectors in accounting for their collections.

As the counterfoils of the books of forms used in 1904-05 have probably been returned to the department, please forward them to this office.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 30, 1905.

SIR,—In acknowledging the receipt of your letter of the 14th instant, asking for certain information regarding the revenue from salmon fishery licenses in British Columbia, as compared with the previous year, I beg to state that I have caused the Inspector of Fisheries for the district to be written to for the information desired with regard to the list of canneries enclosed in your letter, and shall communicate with you immediately in receipt of his explanations.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Re Fisheries Revenue, Nova Scotia.

AUDIT OFFICE, OTTAWA, March 6, 1905.

SIR,—At this time of writing neither returns nor cash for the present fiscal year have come to account from A. C. Bertram, Inspector of Fishery District No. 1, Nova Scotia.

The last cash reported by Mr. Bertram reached this office on April 28, 1904, and was supported by returns including the month of August of the previous year.

The department appears to have continued issuing licenses during the present fiscal year to parties in this district.

Please let me know if all the fees for licenses issued have been collected and if so why they have not been reported ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, December 18, 1905.

SIR,—On March 6 last I wrote you to the effect that neither cash nor returns had been reported from Fishery Inspector Bertram for the portion of the fiscal year ended at that time of writing.

So far, no reply has been received to that letter, but $834 has since come to account. The returns furnished in acquittance of that amount included arrears as follows :—

Arrears, 1903	$ 22 00
Arrears, 1904	340 00
	$ 362 00

The returns of arrears were signed by the inspector at North Sydney on July 21 last, the cash was deposited in the Union Bank of Halifax at that place, on the 24th of the same month, and was reported at this office on August 31.

Please let me know if payment was made by the licensees at the time they received their licenses, and, if so, why was the cash so long in coming to account ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 26, 1905.

SIR,—In reply to your letter of the 18th instant with reference to the returns of Fishery Inspector Bertram for the past fiscal year, I am to inform you that the licenses were paid for at the usual time, but, owing to the severe illness of the Inspector, who was in a hospital in New York for nearly a year undergoing a serious operation, and the clerk who attended to the fishery matters during Mr. Bertram's absence going to New-York about the same time, the business got mixed up. An official of this Department visited North Sydney in July last and straightened matters out and on his return in August the money was forwarded to the Receiver General and the returns to the Audit Office.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Re L'Original Wharf.

AUDIT OFFICE, OTTAWA, March 2, 1905.

SIR,—According to returns that have come to hand the total collections made at L'Original wharf for season ending 1904, amount to $759.23.

The wharfinger after deducting his commission of 25 per cent remitted the balance, $596.42 to the department on January 27, 1905.

Will you kindly draw the wharfinger's attention to the executive regulations which require that when his collections amount to $25, that amount should be deposited ?

He should also be supplied with the departmental form furnished for making returns, and should be required during the period of navigation to make them monthly and forward them properly certified with as little delay as possible.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re Wharfs Leased to Richelieu and Ontario Navigation Company.

AUDIT OFFICE, OTTAWA, March 2, 1905.

SIR,—On January 11 last your department deposited in the Bank of Montreal here $1,020.01; being the net revenue from the following wharfs for years 1903 and 1904 :—

Wharf.	Gross Revenue.	Remuneration.	Amount Deposited.
Baie St. Paul	$ 132 22	$ 64 00	$ 68 22
Cap a l'Aigle	74 40	36 00	38 40
Chicoutimi	504 14	244 00	260 14
L'Anse St. Jean	78 52	38 00	40 52
Les Eboulements	119 84	58 00	61 84
Murray Bay	165 28	80 00	85 28
Rivière du Loup	591 31	292 00	299 31
St. Alphonse	198 34	96 00	102 34
Tadousac	123 96	60 00	63 96
	$ 1,988 01	$ 968 00	$ 1,020 01

From the statements furnished it appears that the Richelieu and Ontario Navigation Co. have an agreement with the department to pay a bulk sum for the use of the above wharfs.

The amount paid by the company for the season 1903, was $988.01; and for season of 1904, $1,000; making a total of $1,988.01, as above. I have to ask for a copy of the agreement and would be glad to know why the wharfage for 1903, was so long in coming to account ?

The remuneration paid the wharfinger at Rivière du Loup, $146 per annum appears to be the correct amount; but according to your last report, each of the other wharfingers are only allowed 25 per cent of their collections, whereas they were paid nearly 50 per cent. On what authority were the increased payments made ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re St. Zotique Wharf.

AUDIT OFFICE, OTTAWA, March 20, 1905.

SIR,—I have to call your attention to the state of affairs at St. Zotique wharf.

No revenue has come to account from this wharf since 1898-99.

I wrote you October 9, 1903, giving a memo. of payments made to the wharfinger in December, 1899 and June, July and September, 1900.

In your letter of January 22, 1904, you stated that the wharfinger had been asked for his books and accounts, but he had not forwarded them; and that the department would take steps to send an officer to have the matter fully inquired into.

According to your report for 1903-04 Mr. J. M. Leroux is still wharfinger.

What steps have been taken to find out what revenue was collected at this wharf since 1898-99, and to have the portion belonging to the government paid into the credit of the Receiver-General.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 7, 1905.

SIR,—I beg to acknowledge receipt of your letter of the 20th ultimo, in regard to the state of affairs at St. Zotique wharf, and in reply I am to inform you that an officer of this department was sent to St. Zotique to see Mr. J. M. Leroux, wharfinger, and inquired from him his reasons for not having remitted any revenue since 1900. The same officer was also instructed to examine Mr. Leroux's books carefully and to bring same to Ottawa if not found in good condition.

The officer reports that Mr. Leroux told him that he had no books, having ceased collecting wharfage in 1900, for the reason that the wharf was in a very bad condition, and that if he had collected wharfage the government would inevitably have been held responsible for any accident that might have occurred, and that the condition of the wharf, the amount of money to be collected, did not justify the taking of that risk.

Mr. Leroux also stated that the vessels which used to ply between Cornwall, Valleyfield and Montreal no longer called at the wharf regularly and when they do occasionally, they refuse to pay the wharfage.

The officer sent to St. Zotique quite agrees with Mr. Leroux in regard to the condition of the wharf and states that the merchants of St. Zotique and neighbouring villages rather go, for their freight, to Coteau Landing, two miles distant, where suitable accommodation is provided.

In respect to the revenue from this wharf I beg to refer you to my letter of January 22, 1904, giving report of the agent in regard to the collections. No revenue has since been received.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, April 11, 1905.

SIR,—I have received your letter of the 7th in reply to mine of March 20 in reference to the fees collected at St. Zotique wharf.

You state that the wharf was visited by an officer from the department and that he was informed by the wharfinger that the fees collected in 1897-98 were $34, and in

1898-99, $36.25; and that he had ceased collecting wharfage in 1900, as the wharf was in bad repair.

I wrote you October 9, 1903, giving a memo. of six payments made to the wharfinger for which his receipts and letters had been left with me. They were as follows:

December 31, 1897	$ 20 00
January 5, 1899	40 75
December 31, 1899	34 00
June 8, 1900	9 00
July 11, 1900	10 70
September 14, 1900	23 40

The last deposit that has come to account is the one referred to above for $36.25, and it was deposited March 15, 1899. As four of the above payments made to the wharfinger were of a date later than March 15, 1899, evidently they have not been accounted for.

What explanation did your officer obtain why the wharfinger had not deposited the government share of these payments ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re **Sault Ste. Marie Wharf.**

DEPT. OF MARINE AND FISHERIES, OTTAWA, August 30, 1904.

SIR,—I have to inform you that Mr. George A. Boyd, wharfinger at Sault Ste. Marie, has applied for payment of the money due him on account of salary.

His remuneration is $142 per month during the season of navigation, but this summer the wharf has been undergoing repairs and consequently cannot be made use of by ships. Mr. Boyd has asked the department to pay him the sum of $154.24 the balance due on June 30. The Order in Council appointing him provides that he must be paid out of the wharfage collections and this would appear to confine his payment to the collections from the Sault Ste. Marie wharf.

I have to request you to inform me whether Mr. Boyd can be paid out of the revenue otherwise he will have to wait until sufficient is collected by him at Sault Ste. Marie to pay him for his salary during the season of navigation of 1904.

I am, sir, your obedient servant,

The Auditor General. WM. L. MAGEE, *for D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, September 8, 1904.

SIR,—I have received your letter of the 30 ult. in reference to the payment of the salary of Mr. George A. Boyd, wharfinger at Sault Ste. Marie, the wharf being now undergoing repairs and no revenue accruing.

You state that Mr. Boyd claims a balance due him on June 30 of $154.24, and you inquire if he can be paid out of the general revenue, otherwise he will have to wait until sufficient is collected at Sault Ste. Marie.

In view of the arrangement with this wharfinger, it would seem that his salary must come out of the collections at his wharf.

The return for June has not yet reached this office and consequently, I have no statement showing how he makes out a balance due him of $154.24.

The first Order in Council of April, 1897, appointed Mr. Boyd at a salary of $112 per month during the season of navigation not to exceed eight months.

A subsequent Order in Council, dated April 30, 1901, gives him a salary of $142 during the season of navigation.

In 1903 he deducted from his receipts, his salary from March 15 to January 7, 1904. The receipts in March amounted to only $5, and the receipts after December 7 amounted to only $1.48, collected from Steamer 'Fortune,' seemingly a ferry-boat running to the American side.

This season he claims pay only from April 1, the collections during the month being only $15.72, all from the steamer 'Fortune.' The first steamer from Collingwood is entered on May 11.

Under these conditions, it seems desirable that the time for which salary is paid should correspond more closely with the traffic of the wharf.

Is there any reason why this wharfinger should not be paid a commission on his receipts, as is the practice followed with other wharfingers ?

I am, sir. your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 9, 1905.

SIR,—The last return from the wharfinger at Sault Ste. Marie is for September last. At that time he claimed that there was $264.16 due him, made up as below, the total receipts not amounting to his salary :—

	Revenue.	Salary.
October, 1903	$ 206 25	$ 142 00
November, 1903	172 51	142 00
December, 1903	72 39	142 00
January, 1904	3 60	32 76
April, 1904	15 72	142 00
May, 1904	174 82	142 00
June, 1904	85 23	142 00
July, 1904	100 91	142 00
August, 1904	102 23	142 00
September, 1904	112 94	142 00
Difference	264 16	
	$ 1,310 76	$ 1,310 76

You will observe that the wharfinger charges a full month's pay for April and the receipts that month only amounted to $15.72. The receipts for December and January only amounted to $75.99 and he charges $174.76 as salary. The receipts for June, July, August and September amounted to $401.31, and the wharfinger's salary during the same time to $568.

I may add that the net revenue from this wharf for the fiscal year 1902-03 was $1,774.21, and for the first three months of 1903-04 it was $250.01.

The condition of affairs at this wharf as shown by the above seems to call for some action on your part.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 27, 1905.

SIR,—With reference to your letter of the 9th of March last referring to the amount claimed by Mr. George A. Boyd, wharfinger at Sault Ste. Marie, as due him at the end of September, 1904, I have to inform you that inquiry has been made into the matter, and it was pointed out to Mr. Boyd that for the months of December, 1903, June, 1904, and April, 1904, that the receipts were very low, but that for two months he charged the full amount allowed him by Order in Council. An inquiry into the matter has brought the information that Mr. Boyd has two men employed the whole of the season. There was work in the spring of the year preparing for receiving freight, and in the fall a lot of unforeseen work in clearing up the freight and attending to the correspondence.

Mr. Boyd states that he now practically pays out all the salary allowed him by this department for assistance and were it not for his ticket agency and transfer business he would be unable to live on the allowance. Mr. Boyd has four paid men but his allowance has not been increased and they are paid out of the amount he receives from the department. Last year the wharf was undergoing repairs and the trade had fallen off during some months but the prospect this year is very good. I do not see what further can be done or said with regard to this matter as the wharf must be kept up for the public as long as there is navigation and the seasons work must be properly attended to.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Re **Dominion Steamer 'Champlain.'**

AUDIT OFFICE, OTTAWA, August 16, 1905.

SIR,—Returns have reached this office covering the earnings of government Steamer 'Champlain,' as follows :—

November, 1904	$ 16 25
December, 1904	160 84
January, 1905	124 97
February, 1905	126 29
March, 1905	586 98
April, 1905	519 59
May, 1905	58 45

On March 9 the marine agent at Quebec deposited $428.35, being the collections for November, December, January and February. On May 3 he deposited $586.98, the collections for March, and on June 24, $578.04, the collections for April and May.

Kindly let me know why the Treasury Board Regulations governing the deposit of public moneys have not been better observed by the agent ? If this steamer calls at points where there are banks authorized to receive government deposits, would it not be better for the purser to deposit the collections from time to time as they are made ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 29, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant in connection with the deposits of the earnings of the D.G.S. 'Champlain,' which were not made regularly and according to the Treasury Board Regulations, and in reply I beg to inform you that I have communicated the contents of your letter to the agent of the department at Quebec, and instructed him to comply strictly with the regulations in future.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Re Oshawa Harbour.

AUDIT OFFICE, OTTAWA, February, 21, 1905.

SIR,—During the fiscal year 1901-02 there was an expenditure for a wharf at Oshawa of $10,024.83. During 1902-03 there was a further expenditure of $1,268.20 for coal elevator, &c.

The first revenue that has come to account from this wharf was a deposit of $804.69, dated September 6, 1904, made up as follows :—

August 8—Wharfage 'Argyle'	$	49 29
August 31—Wharfage 'Argyle'		31 26
August—Harbour dues on 3,834 tons coal at 25 cts		958 50
	$	1,039 05
Less expenditure		234 36
	$	804 69

There is an error in the addition, which should be $229.86 instead of $234.36, and is made up as follows :—

July 9, 1904—Balance	$	6 88
Wharfinger's salary, July and August		81 00
Engine hoisting coal, 20 days, 3 hrs		101 50
Telephone		20 00
Sundries		20 48
	$	229 86

What became of the revenue for the seasons of 1902 and 1903 ?

The revenue for the balance of the season of 1904 has not yet come to account.

The return furnished is not on the usual form ; is not signed by the wharfinger; and evidently was not very closely examined in your department. I am returning it herewith.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re Harbour Dues.

AUDIT OFFICE, OTTAWA, May 3, 1905.

SIR,—The only amounts that so far have come to account during the present fiscal year for harbour dues are as follows :—

Collingwood, Ont.	$ 15 00
Sorel, Que.	217 50
Hantsport, N.S.	2 50
Sydney, N.S., International Pier	50 00
Hillsboro', N.B.	34 35
Chemainus, B.C.	53 00
Comox, B.C.	5 00
Victoria and Esquimalt, B.C.	16 50

I assume that your department require all the Harbour Masters to furnish returns duly sworn to on the departmental form supplied for that purpose, and I have to ask for a certified statement of the returns received for the season ended December 31, 1904, showing the allowances authorized and the receipts in each case. Memos. from your department explain that the $5 from Comox is for amount overlooked in making up returns for 1902; and that the $16.50 from Victoria and Esquimalt is made up of amounts overlooked in making returns in 1901, $14.50; 1902, $1.50, and in 1904, 50 cents, Returns have been received from the Harbour Masters at these wharfs for the different years with the exception of Victoria and Esquimalt for 1904, which I now ask you to kindly furnish. Please let me know the circumstances under which it was possible for errors of this kind to have occurred and how they came to be discovered ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA., June, 15, 1905.

SIR,—Referring to that part of your letter of the 3rd ultimo, in which you inquire about $14.50 in 1901, and $1.50 in 1902, and 50 cents in 1904, overlooked by the Harbour Master in his returns and relating to Harbour Masters' fees at Victoria and Esquimalt, and inquiring under what circumstances it was possible for the errors to be made and how they were discovered, I have in reply to inform you that I gave Mr. Stumbles, of this department instructions when he left Ottawa for British Columbia, to examine the books of the different harbour masters in the province and report. He audited the books and reported to me in March last that he examined the books as instructed, for the years 1901-02-03 and 1904. He had made a similar audit when in British Columbia in 1900. The explanation given by him in his report is that he examined the stubs which correspond with the receipts given to the captains of vessels from whom harbour masters' fees are collected. He found that several amounts appear in the stubs of the receipt books which were not entered in the large harbour Master's book containing entries of fees. He pointed out the mistake to Captain Clarke and instructed him to deposit $14.50 for the year 1901, and $1.50 for the year 1902, and 50 cents for the year 1904. The explanation of Captain Clarke to Mr. Stumbles was that he had overlooked these amounts in copying from the stubs to the Harbour Master's book. The sum of $5 from Comox was not returned in 1902 and an omission has been found in a similar manner and the Harbour Master was instructed to place the amount to the credit of the Receiver-General.

An error was also found in the books of the Harbour Master at Ladysmith and Chemainus, the error, however, was not entirely due to the Harbour Master as the Sub-Collector of Customs at Ladysmith had omitted to make a return to Mr. Hill, Harbour Master, in his list of returns for the sum of $5. Chemainus is some distance from Ladysmith, but vessels go for lumber to Chemainus and for coal at Ladysmith, and it was impossible for Mr. Hill to go from Chemainus to Ladysmith every time a vessel entered. It is, however, proposed to divide the district and appoint a Harbour Master at Ladysmith and leave the collections of Chemainus in the hands of Mr. Hill, the present Harbour Master.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

Re **Mariners Fund.**

AUDIT OFFICE, OTTAWA, March 9, 1905.

SIR,—The revenue from Mariners' Fund from July 1, 1904, to February 28, 1905, amounted to $23,682.40, a falling off from the amount collected to the same date last year of $8,139.57.

The last revenue return containing Mariners' Fund that has reached this office, is dated January 26th last.

It would facilitate the work of this office if you would give instructions that all deposit receipts should be forwarded regularly every month, a few days before its close.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. MARINE AND FISHERIES, OTTAWA, March 10, 1905.

SIR,—I have to acknowledge receipt of your letter of the 9th instant calling the attention of the department to the falling off in revenue from Sick Mariners Dues from July 1, 1904 to February 28, 1905, as compared with the same period last year, and in reply I am to inform you that the falling off in revenue is no doubt due to the decrease of tonnage entering the ports of Canada during the time stated.

With reference to your request that all deposit receipts should be forwarded regularly every month, I am to inform you that in future all deposit receipts for minor revenue will be forwarded to the Auditor General at least once a month.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, December 14, 1905.

SIR,—I inclose a statement showing a decrease of $5,904.95 in the receipts from Mariners' Fund in 1904-05, as compared with 1903-04 at the principal ports.

In your letter of March 10 in answer to a letter from this office, calling your attention to the falling off in this class of revenue up to that date, you stated that it was no doubt due to the decrease of tonnage entering the several ports.

You have probably since made such inquiry as satisfied you that it was certainly due to this cause.

I shall be glad to have an early reply.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Re Distribution of Salvage to Crew of Steamer 'Canadienne.'

DEPT. MARINE AND FISHERIES, OTTAWA, March 23, 1905.

SIR,—Referring to my letter of April 13, 1904 applying for cheques to pay Commander W. Wakeham and the officers and crew of the government cruiser 'La Canadienne,' the salvage money allowed by the insurance company in connection with the stranding of the SS. 'Manchester Trader,' on Anticosti, in the month of August, 1903, the division of which was made by Order in Council of January 12, 1904, I am to inform you that an error appeared in the Order in Council that the division was based upon the practice of the Customs Department in the event of a seizure by one of their officers.

An Order in Council under date of May 3, 1904, has issued amending the Order in Council of January 24, 1904, stating that the reference to the practice of the Customs Department was inaccurate as the division of seizure money by that department was different to that authorized by the said Order in Council, and that the Deputy Minister of Justice, to whom the matter was referred, states that he knows of no legal objection to the division of the salvage money as recommended.

I am therefore to request you to be good enough to issue cheques for the salvage in accordance with my letter of April 13, 1904. A list of the names to whom the cheques are made payable was sent to you at the time.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, April 5, 1905.

SIR,—I have lately received a copy of a further Order in Council, dated May 23, 1904, in reference to the distribution of salvage to crew of Ste. 'Canadienne.'

The last paragraph of the Order in Council, dated January 23, 1904, reads as follows :—

The minister further states that the principle of the above mentioned division is based on the practice of the Customs Department in the event of a seizure by one of their officers, and the Department of Justice, to whom this matter was referred, states that it knows of no legal objection to the division of the salvage money in the manner above indicated.

This paragraph is cancelled by the Order in Council, dated May 23, 1904, and the following substituted therefor :

'The Deputy Minister of Justice to whom this matter was referred, states that he knows of no legal objection to the division of the salvage money in the manner above indicated.'

I have to ask for a copy of the opinion of the Deputy Minister of Justice.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. MARINE AND FISHERIES, OTTAWA, April 8, 1905.

SIR,—Referring to your letter of the 5th instant, in regard to the distribution of salvage to crew of steamer 'Canadienne,' and requesting a copy of the opinion of the Deputy Minister of Justice intimating that he knows of no legal objection to the division of the salvage money in the manner indicated by this department, I have the honour to forward herewith, for your information, copy of our letter of January 8,

1904, to the Deputy Minister of Justice, advising him as to what this department proposed doing, and asking his views, also copy of the Deputy Minister's reply, dated January 12, 1904, giving his opinion as above indicated.

I trust that, with the above information, you will be good enough to issue cheques for the salvage alluded to, as requested in my letter of April 13, 1904. A list of the names to whom the cheques should be made payable has been already sent you.

I am, sir, your obedient servant,

The Auditor General. WM. L. MAGEE, *for D.M. of M. & F.*

OTTAWA, January 8, 1904.

SIR,—I have the honour to inclose, herewith, file No. 25071 of this department, relative to salvage of part of the cargo of the SS. 'Manchester Trader,' by the government steamer 'La Canadienne,' employed in the river and Gulf of St. Lawrence, in the Fisheries Protective Service.

It appears that the 'Manchester Trader,' a steamer of about 3,300 tons, was stranded on Anticosti island, in the month of August last. She was eventually dragged off with no very serious injury, but in the meantime 'La Canadienne' attempted to pull her off, but failing in that, assisted in saving the cargo. The cargo to the value of $7,000 was salved by 'La Canadienne,' and the underwriters paid into the public treasury the sum of $2,282 as salvage allowance on the property saved. 'La Canadienne' was under the command of Dr. Wakeham and at the time was engaged in the duty of patrolling the waters which she is commissioned to patrol. The crew consisted of Commander Wakeham, the sailing master, the first mate, the second mate, the chief engineer, the second engineer, and the balance of the crew consisted of petty officers, stokers and deck hands. The department after deducting the cost of coal and damage to lines and fenders, which were carried away, say to the extent of $200, considers that the balance of the $2,282, should be divided amongst the commander, the officers and crew.

I may mention that Commander Wakeham, who is in charge of 'La Canadienne,' does not pay any superannuation tax upon his salary, and this department is not aware of any Act or practice which would forbid the minister from allotting a portion of the salvage money to the officers and crew, as set forth in a memorandum of Captain Spain, dated December 12 last, which you will find on the file inclosed.

The minister is prepared to make a recommendation to Council to the above effect, but considers it prudent to consult you first in regard to there being any legal objection in the way of making a report to Council recommending the distribution of the salvage money as set forth in the memorandum.

I will therefore be obliged to you if you will kindly favour me by letting me know whether there is any legal objection which would prevent the minister from taking the above mentioned course.

The amount of salvage money was deposited to the credit of the Receiver-General and should, I think, be considered under the head of 'Casual Revenue' and would therefore perhaps come within the scope of the 78th section of the Consolidated Revenue and Audit Act, chapter 29, of the Revised Statutes.

I am, sir, your obedient servant,

The Deputy Minister of Justice. F. GOURDEAU, *D.M. of M. & F.*

OTTAWA, January 12, 1904.

SIR,—In reply to your letter of the 8th instant, No. 25071, respecting the division of a salvage earned by 'La Canadienne' and her crew in connection with the stranding of SS. 'Manchester Trader,' I have the honour to state that I know of no legal objection to the dividing of the salvage in the mode recommended by Captain Spain. I presume, however, you will obtain the authority of Council for the proposed distribution.

I may add that I do not think the terms of section 78 of the Audit Act are wide enough to include such a case as the present.

Papers returned.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. E. L. NEWCOMBE, *D.M.J.*
